A FRANK STATEMENT

Mr. Harriman Says His Condition is by no Means Alarming.

IS SIMPLY TAKING A REST

Following Advice Given by His Physicians—Wanted Newspaper Men to Go Away and Rely on Him for Information.

(By Wire to the Morning Star.)

Arden, N. Y., Aug. 30.—E. H. Harriman urged by weary reporters of the press who have camped about his mountain home since Wednesday last, came out today with a statement that he was all right. Though brief, the statement is straightforward and explicit.

The message was so characteristic of Mr. Harriman's affable attitude to newspaper representatives, an attitude which was marked when he underwent the strain of a lengthy interview on the day of his return that most of the men who have been here during the scare over his illness returned to New York tonight relying on his word. Mr. Harriman's statement is as follows:

"I am pursuing the course laid before I went abroad and advised by the physicians. I intended taking a rest as soon as my responsibilities would permit. My treatment abroad reduced my strength and vitality and weakened my digestion. The most expert physicians in Munich advised me to have an examination by surgeons as a matter of precaution. This has been done very carefully by Doctors Brewer and Crile in conjunction with Dr. Walter James and Dr. Lyle and the whole result is that they find nothing serious and renew the advice previously obtained that I should rest and not see my people at one time, and this I am trying to do.

"This covers the whole case and later on if the representatives of the press desire and there is any purpose to be accomplished, I will see them up here; but now I ask that the surveillance of the operations of my home be withdrawn, not so much on account of my family or myself, but that the coming and going of my friends may not be interfered with. I appreciate the interest shown in my welfare by the press and by friends in all sections and perhaps by some others. If there was or should be any thing serious I will let the press know and as I have never deceived them, I ask that the press now withdraw its representatives and rely on me."

MISTRIAL IN BIGAMY CASE.

Jury in Longfellow Case Unable to Agree—Trial in December.

(Special Star Correspondence.)

Kinston, N. C., Aug. 30.—A mistrial was ordered by Judge Ward in the case of J. S. Longfellow, who was tried for bigamy, late Saturday night, when the jurors informed the court that they were hopelessly tied up. The jury stood seven for acquittal and five for conviction.

The jurors were promptly discharged by the court and a motion made to reduce the defendant's bond from $3,000, which was granted by Judge Ward, who made it $2,000. The case has been placed on the docket for the December term of court. Longfellow furnished the security and left the city.

OUTLINES.

Further reports from the storm and floods at Monterey, Mexico, place the loss of life at from 1,200 to 1,400 and the property loss at over twelve millions. Measures of relief have already been instituted.——Samuel Gompers was the dramatic centre of the first day's session of the International Congress in Paris, the Europeans denouncing the alleged equivocal attitude of the Americans toward joining the International movement.——E. H. Harriman made a statement yesterday saying that he was all right and requesting that the press withdraw its representatives from Arden, where he is secluded in his mountain home.——Alexander Ruyton, farmer of Cleveland county, N. C was instantly killed by lightning yesterday——A case of pellagra developed at Atlanta, yesterday.——The National Ginners' Association reports the general average condition of the cotton crop as low as 64.1 per cent., the North Carolina condition being 75——When President Taft visits New Orleans there will be a naval demonstration——On the trip across the ocean the steamer Mauretania beat all records, making it in four days, 14 hours and 27 minutes.——New York markets: Money on call firm 2 1-4 to 2 1-2 per cent., ruling rate and closing bid 2 1-4, offered at 2 1-2. Spot cotton steady, 12.90. Flour quiet and nominally lower. Wheat easy, No. 2 red 1.04 elevator, No. 2 red 1.08 1-8 f.o.b. afloat. Corn easy, No. 2 old 77 1-2. Oats quiet, mixed 40 nominal. Turpentine and rosin steady.

COTTON CROP WILL BE SHORT

National Ginners' Association Makes General Average Only 64.1 Per Cent.—North Carolina Crop is Among Highest.

(By Wire to The Morning Star.)

Memphis, Tenn., Aug. 30.—The report of the National Ginners' Association made public this afternoon, gives the condition of cotton up to and including August 24, as 64.1 per cent.

"This is the lowest condition in a number of years," the report says, "and indicates a crop of about 10,500,000 bales. An early frost would reduce this somewhat, and a late frost would probably increase the total yield to 11,000,000 bales."

The report of averages by States follows: Alabama 64; Arkansas 59; Florida 76; Georgia 74; Louisiana 54; Mississippi 62; Missouri 80; North Carolina 75; Oklahoma 58; South Carolina 76; Tennessee 75; Texas 57; General average 64.1.

This indicates of crop of about 2,000,000 bales for Texas. Ginners report that they ginned 1,565,185 bales last year in Texas and they estimated they will gin 776,119 this year with average weather.

BRUNSWICK CITIZEN DEAD.

Mr. Charles A. White Passes Away at Shallotte—Funeral.

(Special Star Correspondence.)

Shallotte, N. C., Aug. 28.—At 2 o'clock Friday morning at the home of his parents, Mr. and Mrs. Marion F. White, at Shallotte, N. C., Mr. Charles A. White died of a complication of diseases. While he had been suffering intensely for about two weeks, his death came as a shock to a host of friends and relatives.

Mr. White was a prominent young man and has many friends who regret his sad demise. Besides his parents there survive Messrs. Willie and John White; Misses Georgia and Katie White and Mrs. Alma Woodward and Mrs. Love Woodward, of Shallotte, and Fannie Clemons, of Wilmington. The sympathy of the entire community goes out to the grief stricken family.

The deceased was an active member of Shallotte Council No. 218, Jr., O. U. A. M., and the funeral services were held with the honors of the lodge Friday afternoon from the late residence.

BARBEE GROWS IMPATIENT.

Alleged Slayer of Engineer Holt Discharged His Attorneys.

(By Wire to the Morning Star.)

Durham, N. C., Aug. 30.—Reuben Barbee, a well-to-do white man, to be tried for the murder of Engineer Holt here last Winter, caused surprise today when he discharged Attorneys Winston and Bryant from the case and said he would leave the matter to the judge without jury or lawyers.

Barbee has been in jail since December. He became impatient and after discharging his attorney told the court he was ready to draw a venire which reports Wednesday morning. The court appointed counsel to defend him as required by law.

Barbee was tried for murder ten years ago and was acquitted without having attorneys defend him. The present trouble appears to have arisen over the attorneys' refusal to ask for habeas corpus proceedings when Barbee so demanded.

DESPERATE NEGRO ESCAPES.

Attempted Bold Crimes Near White Pond, S. C.—Chased by Posse.

(By Wire to the Morning Star.)

Aiken, S. C., Aug. 30.—A posse this morning chased into a swamp near White Pond this county, an unknown negro, who las night attempted to enter the bedroom of the daughter of a prominent citizen of White Pond community. The negro was frightened from the house by the screams of the young woman. At a late hour tonight reports were to the effect that the negro had not been captured.

It became known today that a negro entered the home of H. K. Chatfield, a prominent citizen of this place, early yesterday morning and was driven away only after Mrs. Chatfield had fired two shots at him from a pistol. No arrest has been made.

ATTEMPTED CRIMINAL ASSAULT

Negro Arrested For Heinous Offense Near Wilson Last Friday.

Wilson, N. C., Aug. 30.—Elijah Barnes, a negro, was lodged in jail here today charged with an attempted criminal assault on Mrs. William Gooch, on the Gorman place, five miles from Wilson, last Friday. The negro was arrested yesterday afternoon, but on account of the storm could not be brought to Wilson until this morning. Mrs. Gooch says that Barnes assaulted her by throwing her down and bruising her badly, being frightened away only by a passing wagon. The negro claims he is innocent; that he was carrying a borrowed pot back to the Gooch home and met Mrs. Gooch on the road. The preliminary trial will take place tomorrow.

GOMPERS ON RACK

Dramatic Center of First Day's Session of International Congress.

AN EQUIVOCAL ATTITUDE?

Charged by Europeans With Reference to International Trade Union Movement—His Caustic Reply.

(By Cable to the Morning Star.)

Paris, Aug. 30.—Samuel Gompers, president of the American Federation of Labor, was the dramatic center of the first day's session of the Sixth International Trades Union Congress, when several European delegates bitterly denounced what they claimed to be the equivocal attitude of the American Federation with reference to joining the International movement.

Gompers insisted that the problems and policies of American trades unionism were so intermingled with American traditions and ideas that Americans could ill spare the time to counter the influence of European leaders where the trades unionism tendencies were temperamentally different.

Nevertheless, as an evidence that the United States was anxious for international co-operation, Mr. Gompers introduced a proposal favoring world-wide organization which would "defend the right and interests of all and create international fraternity and solidity."

The clash came over the question of the exact status of Mr. Gompers and the American Federation of Labor in the conference. Mr. Gompers explained that for the present he was merely an auditor but was ready to give his opinions.

"Personally," he continued, "I have no authority to pledge the affiliation of the American Federation of Labor but I believe it will come in time."

Hueber, an Austrian delegate, vehemently characterized Mr. Gompers' explanation as mockery. He, like the others, had been under the impression that the Americans meant business and that Mr. Gompers was the official delegate from that country. Otherwise he could not understand how the American resolutions happened to be printed in the official programme.

"I regret," explained Gompers, "that you have misconstrued my remarks as an attack upon European trades unionism. I repeat we are sincerely desirous of international federation, but only so far as it preserves the American conception of unionism. If Europe does not want us it will be unfortunate."

Hueber retorted that it was now seven years since the Americans began talking about joining the international confederation and it was about time a decision was reached.

"It now appears," he concluded, "that Mr. Gompers is merely on a voyage of discovery."

NEGRO'S HEINOUS CRIME.

Stirs Citizens of Franklin County—Bold Attempt at Assault.

(By Wire to The Morning Star.)

Spring Hope, Aug. 30.—A dastardly attempt at criminal assault was attempted upon Mrs. W. D. Bowden, who lives in Franklin county, some nine miles from Spring Hope, last night.

At about dark Bowden went to his tobacco barn to look after his tobacco. He lay down and went to sleep and later the negro, Rufus Redman, who was with Bowden, went to the house and got in bed with Mrs. Bowden.

Mrs. Bowden discovered that it was not her husband and began screaming. The negro struck her in the face with his fist, breaking her nose, and then fled. Mr. Bowden was awakened by the screams and aroused the neighborhood.

There is much excitement and the whole community is searching for the negro.

ALBEMARLE YOUTH KILLED.

Touched Live Wires Carrying 80,000 Volts—Fearful Current.

(By Wire to the Morning Star.)

Charlotte, N. C., Aug. 30.—Harvey Ritchie, 20 years old, climbed into one of the big transmission towers of the Southern Power Company at Albemarle Stanley county, this afternoon to ascertain if he could get a shock by touching the wires. As the youth touched the deadly wires his feet burst from the terrific current that entered his body and he dropped to the ground dead.

The tower is one of the series of steel structures employed by the Southern Power Company to transmit electrical energy from the Catawba river stations in the county to the mills of the Piedmont sections and the wires carry 80,000 volts.

AFFAIRS IN RALEIGH

American Aeroplane of Wilmington Chartered Yesterday by the State.

SHOOTING AT FAYETTEVILLE

Railroad Fireman Thought "It Wasn't Loaded"—Durham Runaways Apprehended—Supreme Court Convenes—Notes.

(Special Star Correspondence.)

Raleigh, N. C., Aug. 30.—The American Aeroplane Co., of Wilmington, N. C., procured a charter today for the manufacture of machines for the "navigation of the air or land." The capital is $125,000 and the incorporators are among the most prominent business and professional men of Wilmington, including F. A. Bissinger, W. B. Cooper, C. H. Dock, C. W. Polvogt, E. Bissinger, E. Picard, R. C. Platt, E. P. H. Strunck, J. H. Dreher, Russell Bellamy, Albert Schild, J. Brick and David Palmgren.

The company is to develop the flying machine recently invented in Wilmington, the model of which is said to promise great things. It has been recently published that the first actual full-fledged flying machine of this pattern will be ready for public demonstration on the occasion of President Taft's visit to Wilmington while making his Western and Southern tour this Fall.

Other charters are to The W. F. Redman Co., Charlotte, capital $25,000 by J. W. Zimmerman and others for commission and grocery business; The French Broad Flume and Lumber Co., Brevard, capital $50,000 by J. R. Cachary and others, and the Aden Manufacturing Co., Greensboro, capital $50,000 by C. I. Carlson, C. A. Hines and others for controlling patents and manufacturing novelties of any kind.

A telegram came this morning from the chief of police of Richmond, to the effect that Hillman High and his niece, Ida Markham, who ran away from Durham two weeks ago in a clandestine manner, are under arrest in the Virginia city and are willing to return to Durham or Raleigh without requisition. The sheriff of Wake county has no warrants against the two and he called up the sheriff of Durham county, who reported that he has never had a warrant for either of them, although he said it was well known that High is wanted for forgery in Wake county near the Durham line, in addition to the charge of enticing away his niece, whose father, James Markham, has offered $50 reward for the two. It is understood here that the sheriff of Durham county will take the necessary steps to bring the fugitives from Virginia provided the parties at interest take out the warrants necessary for the sheriff to act upon. High is said to have abandoned his wife and children more than a year ago in Durham.

Thinking that he had emptied all the cartridges from his revolver, W. A. Ashworth mortally wounded his room mate named Jones, at Fayetteville, last night. Ashworth lives in Raleigh and is a fireman on the Raleigh & Southport Railroad. The coroner at an investigation last night, acquitted Ashworth from any guilt so that he came on his regular run to Raleigh this morning. The statement of the killing is that the two boys were frolicing about the bed after the revolver had, as they thought, been emptied, and Ashworth seized the gun, pointed it at his companion around the corner of the bed and pulled the trigger with the result that there was a report, and when the smoke cleared there was Jones with a mortal wound in his forehead.

Young Jones, the victim of the shooting, was only 16 years old and was employed as a call boy for the Atlantic Coast Line, the scene of the shooting having been a small inspector's house on the yards. Young Jones was a son of Engineer S. A. Jones, of the A. C. L. Ashworth is only 18 years old.

A telegram came during the afternoon from the Mayor of Fayetteville to Chief of Police Stell, of Raleigh directing him to take Ashworth in custody again on the strength of new evidence which the Mayor informed Chief Stell over the telephone would make the killing manslaughter at least. He told the chief that Jones was shot in the back of the head instead of in the forehead, Ashworth had already started back to Fayetteville on his firing run when the telegram for his arrest came.

The Supreme Court convened this morning for the Fall term with all members of the court present including the new associate justice, Hon. J. S. Manning, of Durham, who succeeds Judge H. G. Connor, resigned, who was appointed judge of the United States Circuit and District Court for the Eastern District of North Carolina to succeed the late Thos. H. Purnell. Today was devoted to the examination of 62 applicants for law license. First district appeals will be called for argument tomorrow.

In appealing for serious, sober living on the part of Christian people, Rev. Colin Hughes, archdeacon of the Diocese of North Carolina, Sunday morning at Christ Episcopal church, classed "automobiling" with drinking, card playing, dancing and other alleged sinful frivolities. He had scarcely more than declared against the evil of trifling away one's time in an automobile than there was the familiar, and at the time innocently defiant, "Honk! Honk!" as some autodriver gave the signal required by law in turning the Wilmington and Edenton street corner where the old church stands. It required heroic effort even on the part of the most dignified churchmen to repress a titter that would have appeared unseemly in spite of the great provocation.

The preparation of the grounds for Raleigh's proposed country club is being pushed rapidly, especially the grading of driveways and the construction of the dam for the 16-acre lake that is to be a special feature affording opportunity for boating and fishing. The plans for the club house are not yet completed. It is expected that work on this will scarcely begin before Spring.

Deposit now with the People's Savings Bank, 4 per cent. from September 1st. aug29-3t

POST SEASON LEAGUE GAMES

Champions of Carolina and Eastern Leagues Played Magnificent Game at Greensboro Yesterday—Sexton in Box.

(Special Star Telegram.)

Greensboro, N. C., Aug. 30.—It required ten innings for Greensboro to take the opening game of the post season series from Wilmington this afternoon, the score being 1 to 0. The game was the hardest fought, best played and most exciting seen on the local diamond this season. It was a veritable pitchers' battle, and in it Tony Walters, the premier pitcher of the Carolina Association, was pitted against Sexton, Wilmington's best pitcher. Tony gave a magnificent exhibition of his pitching ability in the first inning, when on errors of Grubbs and Jackson, the visitors had the third and second bases occupied and one out, by striking out the next two men, thereby retiring the side. After this he was never in danger and when, later, he walked two men and hit one they all three died at second by Bentley's strong arm in throwing. Bentley's pegging to the bases was all to the good. His throw was always quick and arm perfect and Pug Hicks tagged his man every time.

The locals could not find Sexton effectively until the last half of the tenth, when Anthony singled, Bentley bunted and beat it out, both men advancing on Clapp's sacrifice and Anthony scoring on Doak's single through the infield. The stands were filled with enthusiastic rooters and the contest abounded in spectacular and exciting fielding stunts by both teams.

Greensboro	AB	R	H	O	A	E
Sisson, cf	4	0	0	2	0	0
Jackson, 3b	4	0	0	0	1	1

*One out when winning run scored.

Score by Innings.

Greensboro .....000 000 0001—1
Wilmington .....000 000 0000—0

Summary: Earned runs, Greensboro 1; two-base hits, Grubbs, Smith; sacrifice hits, Clapp, Sharp; stolen bases, Sisson, Guerrant, Smith; bases on balls, off Walters 2; hit by pitched ball, Guerrant; struck out, by Walters 8, by Sexton 5; left on bases, Greensboro 4, Wilmington 5; time 1:50; umpire Watts; attendance 1,200.

The Raleigh Game.

Raleigh, N. C., Aug. 30.—Raleigh took the first of the post league games with Charlotte today 3 to 1, after a contest that looked like Charlotte's game to the seventh inning, the latter losing several fine opportunities to score during that time chiefly through fine work of Pope in the box for Raleigh. He had succeeded Brandon in the fourth inning because the latter lost his nerve and in that short time had given five men bases and hit another. Pope struck out 11 men in the remaining five innings. A unique ceremony took place at the opening game when State Auditor Dixon for members of the Raleigh team, presented to Crozier, their captain, a handsome silver water service. Score:

Charlotte .....001 000 000—1 7 1
Raleigh .....010 000 110—3 7 1

Hayes and Taxis; Brandon, Pope and Rowe; attendance 1,100; umpires McKay and Upchurch.

CLEVELAND FARMER KILLED.

Struck by Bolt of Lightning—Those Near Him Not Shocked.

(By Wire to the Morning Star.)

Charlotte, N. C., Aug. 30.—Alexander Ruyter, aged 35, a prominent young planter of Cleveland county, was instantly killed by a lightning bolt while sitting in the yard of friends near Grover yesterday afternoon. Others present were not shocked.

FLOODS IN MEXICO

Great Havoc Wrought by Storm and Waters at Monterey.

DEAD MAY NUMBER 1400

Property Loss Placed at Over Twelve Million—Relief Measures Have Already Been Instituted. Many Are Homeless.

(By Cable to the Morning Star.)

Mexico City, August 30.—The damage wrought at Monterey by the flood is conservatively estimated at between 1,200 and 1,400 dead and the property loss at $12,000,000. The river has now gone down and the langer is over. Already 650 bodies have been recovered.

An entire quarter of Monterey was destroyed and 15,000 persons are homeless. The water mains are useless and the city is consequently without drinking water; neither is there light or street car service for the power plant has been seriously damaged. It will be impossible to resume the train service for a week and as a result the city is threatened with a food famine. The slaughter houses have been destroyed. Ten thousand persons are being fed on bread, coffee and soup by the municipal authorities, and the American consulate is giving food to all who apply. Thousands of persons have taken refuge in the cathedral and the churches.

Many of the structures are soaked and all falling and there has been some additional loss of life from this cause. The railroad situation is deplorable. The branch of the International railway, between Monterey and Tampico suffered a score of washouts. The iron bridge at San Juan has gone, and 75 miles of the track of the Matamoras branch have been washed out. There are a dozen washouts between Matamoras and Cuevas and the big iron bridge over the Rinconaga between Saltillo and Monterey is gone. The total of the loss of the railroad is not definitely known but it probably will be half a million dollars.

Eighteen blocks of residences and business houses were entirely washed away. The more wealthy people of Monterey together with the American residents are contributing to the Mayor's fund which is being expended for the purpose of food. The greatest loss of life is said to have been caused by the giving away of the reservoir dam.

Monterey is situated in a cup-like valley and is surrounded on three sides by steep mountains. The waters rushed into this valley down the bed of the Santa Catarina river. This stream is ordinarily 150 yards wide, but with the advent of the flood its banks were fully three-quarters of a mile apart. It is estimated that 18 inches of rain fell.

The federal authorities here are busy with the organization of relief measures. Theatrical performances and other means are being planned. Subscription places have been opened all over Mexico City and the other cities of the republic are responding to the call for assistance.

President Diaz today telegraphed $30,000 to Monterey. Vice President Corral has contributed $2,000 and Ambassador Thompson $1,000 to the fund. Others are contributing liberally, a public subscription list having been opened in all parts of the republic.

The fact that the Red Cross of the United States give aid to sufferers has been learned here with profound satisfaction. On behalf of the United States Government, the American ambassador has sent condolence to President Diaz.

The National Bank officials estimate the loss in the business center of Monterey at $5,000,000. The loss to the big smelter and industrial plants outside the city limits will amount to as much. The value of the 18 blocks of buildings, mostly of poor construction which were destroyed is fixed at about $3,000,000. The railway losses, although not yet known, are believed to reach $4,000,000. Many of the smaller settlements in the State have been wholly destroyed or badly damaged, while the crops everywhere have been ruined. It is estimated that the total losses in the whole district affected by the cyclone and floods will approximate $30,000,000.

DR. CHAS. DUFFIE.

Assistant Surgeon, Ransom's Brigade. Service Should be Recognized.

Lumberton, N. C., Aug. 30, 1909.

Editor of the Star:

In yesterday's Star is a notice of the death of Dr. Charles Duffie, in which it is stated that he was a Confederate soldier in the 50th regiment. The fact is that Dr. Duffie was the skilful and efficient Assistant Surgeon of the 24th N. C., T. Ransom's Brigade. He deserves more than the passing notice given him and I hope some capable friend familiar with his war record and subsequent career will write a notice worthy of his character and his services.

Very truly,
J. A. McALLISTER.

COTTON MILLING INDUSTRY.

If one may nave any doubts that prosperity is landing, he may for a moment contemplate the millions of capital now being poured into the cotton manufacturing business in the United States. It is almost impossible to keep trace of the erection of new factories for the production of yarns, textiles and hosiery.

The South is busy constructing new plants and enlarging old ones and the busiest of these Southern States is North Carolina, where hydro-electric power is available in almost inexhaustible supply, and where the climate, adjacency to the raw supply, transportation facilities, and other superior availabilities emphasize the logical advantages of the Old North State for manufacturing.

In New England the development of the cotton manufacturing industry is proceeding on a huge scale and the vast amount of capital being invested is astounding. Not to mention the millions of dollars being employed in improvements and enlargements in New England, it is worth while to note that work has just been commenced at East Boston on a new $5,000,000 cotton mill to be erected by the Maverick Mills Company, the big plant to occupy 53 acres of land or 475,000 square feet of space. Extensive building operations and additions are in progress among nearly all the mills at Lowell, Mass., where the Lawrence Manufacturing Company has a large new mill about completed, the Merrimack Manufacturing Company has in process of erection a new mill which will give employment to several hundred additional hands, the Musketaquid Company is installing machinery in a big new mill, the Lowell Manufacturing Company has purchased ground for a mammoth mill, etc. At Pawtuckett, Rhode Island, a new $1,000,000 mill for the manufacture of fine goods is under way, and throughout Maine, New Hampshire, Vermont, Massachusetts and Rhode Island the activities in the industry are on a scale that limited space precludes mention of them.

A glance over the Manufacturers' Record every week shows that in all the Southern States, new mills and enlargements are on foot from North Carolina to Texas, and from England, from Europe, from Japan, and from China come news of extensive developments in the cotton manufacturing industry.

The meaning of all this mill building significantly points to largely increased demand for the South's cotton and the employment of many thousands more of women and men in the fields and the factories. It attaches tremendous importance to the South's position as all the world's field for the production of the staple that makes the cloth that makes the clothes for the rich and the poor in the remotest parts of the earth that have been penetrated by the rays of civilization.

The South furnishes more than 80 per cent of the raw cotton required in the Universe and the man in the furtherest corner of the earth who begins to wear a shirt helps to increase the demand for the staple. The constantly increasing demand makes the crop more and more valuable and sooner or later increased acreage will be called for, a certainty which assures the increased value of every acre of land in Dixie.

VALUE OF SOUTHERN LANDS.

In a preceeding editorial in this morning's Star, we call attention to the great increase of the cotton manufacturing industry in the United States and foreign countries. That logically increases the demand for cotton, assures good prices for the staple, and sooner or later will call for increased acreage for the crop that clothes the world. The production of cotton is one of the South's assured industries and the constantly increasing needs for the raw material will create an inevitable demand for more acreage in a crop that sells for cash on the spot. Lands which produce such a crop of ready money value throughout the civilized world possess a value that we can hardly conceive and that the prices for such lands will increase is as sure as that the necessities of the world for more cotton for clothing for the teeming millions are increasing by leaps and bounds.

Enough has been said for any one to see the point which we wish to make—that land in the South is an asset of assured increase in value. The investor in Southern lands will reap his profit as sure as fate. Money salted down in land where the cotton the tobacco and the peanuts grow will come out ahead of the game on the stock market or the cotton exchange.

It has been demonstrated that a production of 13,500,000 bales of cotton in the South is now barely sufficient to meet the needs of the world, not to take into consideration the rapidly increasing necessity for the raw material. The big crop of 1907 was taken at good prices, and the fact that the mill men and the cotton exchanges are seized with panic at the prospect of a crop under 13,000,000 bales shows that production has to be up to the maximum if the requirements of the world are to be met.

The English mills have years ago seriously contemplated the grave situation that may arrive some day when the production of cotton will ot be sufficient to supply their mills. They sent representatives to the United States and they came through the South investigating the situation and even prospecting with a view to purchasing lands to produce their own cotton. Now it seems that even our own mills are apprehensive that the time is not far distant when their raw supply will be a problem, either from competition by the world which is in the market for cotton or on account of the constantly fluctuating price brought about by speculation in such a staple product as cotton. In this connection, this from the Boston Commercial Bulletin, of August 28th will be read with interest:

"It is reported that representatives of South Carolina cotton mills have been in Americus, Ga., recently inspecting farming lands in that vicinity which the cotton mill companies desire to purchase to the end of producing all the cotton consumed by their plants. Ten to fifteen thousand acres of land are wanted, the whole to be planted in cotton. These mill representatives have been shown a number of desirable farms in Sumter county, and express themselves highly pleased with the lands. The idea advanced by the mills in thus desiring to raise their cotton supply is practical. They thus get the cotton at first cost of production and are not affected by fluctuating markets."

The above from the Commercial Bulletin certainly is something "new under the Sun." An ever recurrent fluctuation of prices is a serious problem for manufacturers, but particular note should be made of the fact that for the same reason that the English spinners were considering the purchase of cotton lands the Southern spinners are on the eve of going into the cotton planting industry.

With the cotton mill men in the market for lands, one can readily observe that The Star takes mighty good grounds for getting on the bull side of the Southern land proposition.

PROFIT IN HOSIERY MILLS.

As one of the needs of the Southern cotton manufacturing industry is diversification, it appears that now is a good time to establish some hosiery mills. With the New England manufacturers going into the knitting mill business because the amount of protection on hosiery is the highest this country ever had, we need not stop to argue with those Republican politicians who are endeavording to make the people believe that there was "downward revision" of the tariff. The New Englander knows better and he is going to take advantage of upward revision. That the sharp manufacturers of Massachusetts have their money on higher tariff schedules, the following from the Boston Commercial Bulletin will show:

"It is stated that because the new tariff schedules on a certain grade of hosiery are 20 to 25 per cent. higher than in the Dingley bill, E. A. Richardson, of North Adams, Mass., has completed plans to start a hosiery mill in one of his plarge buildings on State street, in that city. The machinery is bought and the company will be known as the Berkshire Hosiery Co. Charles Pittle, of New Bedford, a graduate of the New Bedford textile school, has been engaged to run the mill. It will open with about 20 hands, but a much larger number will be employed later. Mr. Richardson is one of the best known business men of North Adams, and this hosiery industry will be the first of its kind in the city or in Berkshire county, and one of a very few in west Massachusetts."

The North Adams man's mill will be a small one to start with, and as the hosiery business ranks with the smaller and more profitable branches of manufacturing, it would be a good idea to have knitting mills scattered throughout North Carolina. There are already a dozen or more knitting mills in this State, and they are said to be among North Carolina's most profitable industries.

Wilmington might try a hosiery mill. High Point is to have another, Mr. J. H. Adams, of that enterprising city having decided to erect a mill at once. He has already scored success with the High Point Hosiery Mills which were established a few years ago.

Georgia trotted out her 'possum to tempt President Taft. There are plenty of 'possums around Wilmington, but the succulent rice bird, the butterfat coot, the toothsome canvas back duck, the New River oyster, the little neck clam, the Masonboro shrimp, New Hanover venison, young bear steak, the delicacies of an overflowing sea and of a land that lavishes luxuries will be at the President's bidding in this part of his country.

Bishop Quayle, of Chicago, articulates: "You can tell a genuine Christian by his street car manners." Yes, but it's no sign that a man shuts his eyes to temptation just because he can't see a lady standing while he holds on to his seat. Neither is it any evidence of a spirit of resignation just because a man can give up his seat and look pleasant after having his courtesy accepted without thanks.

The latest bulletin of the American Railway Association reports that on August 4th the total number of idle cars in the United States and Canada was 207,173 against 243,354 on the 21st of July. The net reduction of idle cars since January 1st has been 40 per cent., and the railroads are beginning to fear that there will soon be an actual car shortage like there was in 1906-07.

Some newspapers continue to be agitated over the new religion launched by President Eliot, of Harvard University. Never mind. Just as soon as he shows signs of taking up a collection, the preponderance of rusty pennies on the plate will indicate that a little bit of that religion will go a long ways with most people.

The Recorder in Charlotte has rendered a decision that a man while in his own home can eat and drink what he pleases without being amenable to the law. However, the Recorder must know that if a man stays home he wouldnt have much to eat and very little to drink unless his neighbors are good at sending in things.

"What would you do if a man were to come at you with an axe drawn to cut you?" inquires an exchange. We'd hate to give a free exhibition but the Marathon act would be the first thing on the programme. The tall timber would look good to us.

The Chinese are a little slow in claiming that they made practical use of flying machines 4,000 years ago.

Charles J. Strobel, of Toledo, O., is to do stunts with an airship at the Charlotte fair this Fall.

CURRENT COMMENT.

—The Norfolk Landmark, which wondered where picnicers from Rockingham at Blewett's Falls got some cool, foaming draughts, will take notice that Charlotte found means to entertain the old soldiers of North Carolina hospitably.—Charlotte Observer.

—If the gentlemen who were convicted in the recorder's court of conducting blind tigers feel that they have not been given a fair deal and are conscious of their innocence they made a mistake in not taking their cases to a higher court.—Durham Herald.

—Governor Bob Glenn, of North Carolina, declared that some dreadful visitation from an avenging God would soon fall upon New York and Chicago. We shouldn't be surprised. Perhaps, Governor Bob may conclude to visit those towns himself.—Houston Post.

—In response to a plea of several South Carolina gentlemen imploring the reinstatement of Major Hemphill in the Democratic party, we regret to say that the proposition cannot be entertained until the major presents a petition signed by 15,000 bona fide residents of Mecklenburg county, North Carolina.—Houston Post.

—If it is true that Governor Glenn, of North Carolina, saw in New York "sights that are indescribable," how did he chance to come across them? Did he follow the Parkhurst plan of "going to the circus?" Such sights are seen only by those who seek for them and pay the price of admission.—Savannah Morning News.

—The Southern Railway Company, which has made arrangements for beginning double-track work south of Salisbury, has also placed an order for 28,000 tons of open-hearth steel rails and begun negotiations for 12,000 tons of Bessemer rails. It does not wish to get caught again in its plight of 1906 and 1907. The industries of the South set a pace which the railroads can keep only with the greatest difficulty.—Charlotte Observer.

—Among the many things which a few years ago were held as luxuries but are today put in the class of every day necessities, the telephone holds a prominent part. This is particularly so as regards the phone service in the urban and rural districts. The rural free delivery of mails, some years ago was considered of just minor importance, in its first trials but when once the farmer found this service bringing the daily newspaper and magazine and letters to his front fence, within sight of his front door, R. F. D. was demanded to be kept up —Newbern Journal.

TWINKLINGS.

—"You may take the witness stand, madam," said the lawyer. "Where is the stand, sir?" demanded the austere matron, adjusting her eyeglasses. "I se nothing but a chair."—Washington Star.

—"Have you heard the name of the latest gown from Paris?" "No, what is it?" "The 'nothing-nothing'." "Aw, that's too thin." "That's what the press dispatches say."—Houston Post.

—"You little hound!" snapped the multimillionaire's vixenish wife. "Oh, well," he said, yawning drearily. "I suppose everybody knows I lead a dog's life."—Chicago Tribune.

—Weary Walker—What! Don't look like a sailor? Why, I've been following the sea for 30 years. Farmer Haycrop—Well, you keep following it for 30 years more, and perhaps you'll catch up with it.—Life.

—Judge—That lady declares that you hugged her at the baseball game. The Accused—Couldn't help it, judge. She was sitting next me when one of our boys swatted a homer over the left field fence!—Puck.

—Elsie—Why is Clara always so short of money? Didn't her father leave her a lot? Madge—Yes; but you see she's not to get it till she's 30, and she'll never own up to that.—Boston Transcript.

Poor, Foolish Woman!

Think of her attempting to make ice cream in the old disappointing way! With **JELL-O ICE CREAM Powder** she can make the most delicious ice cream in ten minutes, freezing and all, at a cost of about one cent a dish —*and never go near the stove.*

Your grocer will tell you all about it, or you can get a book from the Genesee Pure Food Co., Le Roy, N. Y., if you will write them.

Grocers sell Jell-O Ice Cream Powder, two packages for 25 cents.

Reunion of Survivors of the Battle of Fort Fisher AT UTICA, N. Y. September 7th-9th

For the above occasion the Atlantic Coast Line will, on Sunday, September 5th, sell excursion tickets to Utica, N. Y., at rates given below, with return limit to leave Utica up to and including, but not later than, September 20, 1909:

From North Carolina points.	Via Rail to Washington thence by short line ticketing routes.	Via Rail to New York thence by N. Y. C. & H. or West Shore Railroads.
Bowden	$23.80	$26.50
Burgaw	24.75	27.45
Castle Haynes	25.10	27.80
Calypso	23.60	26.30
Cerro Gordo	27.15	29.85
Chadbourn	26.45	29.15
Clinton	24.25	26.95
Dudley	23.40	26.10
Fayetteville	24.40	27.10
Fair Bluff	27.00	29.70
Faison	23.70	26.40
Garland	25.30	28.00
Goldsboro	23.20	25.90
Kerr	25.55	28.25

S.S.S. CURES SKIN DISEASES

The cause of all skin diseases can be traced to some humor or acid in the blood; the cuticle is always healthy where the circulation is free from impurities. When the blood is infected with acrid or unhealthy matter it cannot perform its natural work of nourishing the skin, regulating its temperature and preserving its normal softness, pliability and healthfulness. Instead it irritates and inflames the delicate fibres and tissues around the pores and glands and produces some of the many forms of skin disease. The itching and stinging so often accompanying skin affections are produced by the deposit from the blood of the acrid humors with which it is filled, into the sensitive membranous flesh lying just beneath the outer covering, and surrounding the countless nerves, pores and glands. This explains why scratching the outer skin affords no relief from the itching and burning. S. S. S. cures Skin Diseases of every character by purifying the blood. It goes down into the circulation and removes the humors or acids which are causing the trouble, builds up the weak, acrid blood, and permanently cures every variety of skin affection. Local applications can only soothe; they never cure because they do not reach the blood. S. S. S. goes right into the circulation, reaches the trouble and cures it by removing the cause. Book on Skin Diseases and any medical advice free to all who write.

S. M. REED J. M. McFALL

Send for Catalogue. Fayetteville, N. C.

jun 30 til sep 1

—Richmond, Va., Aug. 29.—J. Hilman High, of Durham, N. C., has been placed in jail here on a charge of abducting Ida Markham, a 15-year-old girl, from her home in Durham. After a prolonged search on the part of the police the man and girl was discovered in a local boarding house where they were living as man and wife. High has a wife and child elsewhere, but has not been living with them for some months. The man is very much frightened at the thought that he may be lynched when taken back to North Carolina or that the father of the girl, James Markham, may shoot him on sight. For this reason High has expressed his willingness to go back for trial without requisition provided he has ample protection from violence. When first arrested the man wrote a note to the girl and slipped it to her advising her to say nothing. However, under the police sweating the girl confessed that they were the couple wanted. Bicycle policemen first noticed the man in company with the little girl who appears a mere child. The man was apparently 40 years of age. The detectives were notified. In a few hours they had discovered that the two were very much wanted. Markham is said to be a very cool man and one who will likely defend the honor of the girl at any risk to himself. It is feared by both the man and girl that Markham may shoot High on sight and though he is expected to come here for his daughter, High will have ample guard to see that he is taken back safely.

The Surplice.

The old Scotswoman who referred to the surplice as a "sark" or shirt was was perfectly correct. For that is what it originally was, according to the London Chronicle. After the invasion of the northern barbarians it was a common custom to wear a white shirt over the sheepskin or otter skin then in use. "Hence, in the twelfth century," writes Dean Stanley in his Christian Institutions, "arose the barbarous name of superpelelicium or surplice—the overfur. Its name indicates that it is the latest of ecclesiastical vestments, and though, like all the others, generally worn both by clergy and laity, indoors and out of doors, it is the most remote in descent from primitive times."

Kept His Umbrella.

The composer Panseron, while driving homeward in his cab during a terrific shower, met the aged composer Cherubini plodding along on foot, protected from the storm only by a shabby old umbrella full of holes. Panseron took compassion on the old gentleman and begged him to make use of the cab, saying that he himself would walk home. Cherubini accepted and took the other's place in the cab. Then Panseron naturally asked the old gentleman for the loan of his umbrella.

"Oh, no, my dear boy!" said Cherubini. "It is a well known fact that a man never again sets eyes on an umbrella that he has lent." And he drove off in Panseron's cab.

WOMEN'S WOES.

Wilmington Women Are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing-down pains; they must stoop over, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people you know.

Miss Maggie Rivenbark, 105 Dock St., Wilmington, N. C., says: "I found great benefit through the use of Doan's Kidney Pills, procured at R. R. Bellamy's drug store. I suffered from constant, dull pains in my back and some days I could hardly get about the house. Mr. kidneys were very weak and I was caused much annoyance by too frequent passages of the secretions. I used several remedies, but nothing gave me the desired relief until Doan's Kidney Pills were used. They proved to be just what I required and in a short time cured me so completely that my trouble has never returned."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name — Doan's — and take no other.

—Frank Fales and Horace King, young white men, who engaged in a lively personal encounter on Princess street, near second, Saturday night at 10:30 o'clock, submitted to an affray before Justice George Harriss yesterday morning. They were let off upon payment of costs.

—A deed was filed for record yesterday transferring from W. J. Moore and wife to G. W. Collins, of Pender county, for $10 and other considerations, 25 1-2 acres of land on west side of Wilmington & Weldon railroad, north of Wrightsboro station, adjoining the lands of W. J. Y. Thurston and O. M. Fillyaw.

PERSONNEL OF TAFT PARTY.

President Will be Accompanied on Southern Tour by Several.

The personnel of President W. H. Taft's party on his trip through the South this Fall has been announced. A member of the local executive committee on arrangements for the programme of Taft Day stated last night that while his committee had not received any official notification of the personnel of the party it was practically certain that all those who accompany the President to other points in the South will come to Wilmington with him.

The list includes four cabinet members, representatives of the press associations and large metropolitan dailies and other men prominent in National affairs. It was stated last night that probably other distinguished men not mentioned in the list will join the party at Columbia, S. C.

The personnel of the pary will be as follows, with probably a few others: Captain Archibald W. Butt, U. S. A., aide-de-camp; Assistant Secretary Wendell W. Mischler, Dr. J. J. Richardson, Arthur Brooks, messenger; Mr. James Sloan, Jr., Mr. Lucian C. Wheeler, secret service operatives; Mr. Gerrit Fort, assistant to the vice president, New York Central Railroad Company; Mr. Robert T. Small, the Associated Press; Mr. Robert H. Huzard, the United Press, New York Sun Press Association; Mr. William Hoster, Hearst News Service; Mr. Sherman P. Allen, New York Herald; Mr. Harry L. Dunlap, New York World; the Secretary of War, the Postmaster General, the Secretary of Interior, the Secretary of Commerce and Labor. Mr. John Hays Hammond will accompany the President on parts of the trip.

President Taft and party will come to this city from Augusta, Ga., instead of from Columbia, S. C., as the first schedule called for. Columbia and Augusta having effected a change of dates.

Todd-Farrow Nuptials.

A marriage of much interest to many friends was celebrated at 3:30 o'clock Saturday afternoon at the residence of Mrs. M. J. Fowler, 510 Nun street, when Miss Mollie Farrow, the attractive daughter of Mr. Samuel Farrow, of Masonboro Sound, became the bride of Mr. Louis B. Todd, of Wilmington, the ceremony being performed by Justice of the Peace John J. Fowler. It is understood that the parents of the bride objected to the match, hence the ceremony was performed in the city. Mr. Todd is a well known and popular grocer, having his place of business on Castle street, and has a large number of friends who extend congratulations. Miss Farrow is a beautiful and accomplished young woman and has a wide circle of friends. They will reside at 411 Church street.

MR. W. J. MOORE VINDICATED

Witness Hall Had Not Been Apprehended and Case Against Hotel Proprietor For Selling Whiskey Was Dismissed.

There not being a scintilla of evidence before the court that Mr. W. J. Moore, proprietor of the Tarrymoore Hotel, Wrightsville Beach, was guilty of selling whiskey in violation of the United States internal revenue laws, United States Commissioner George Harriss yesterday afternoon at 3 o'clock announced that the case against the popular hotel proprietor was dismissed. Mr. Moore received the congratulations of numerous friends who believed all along that the government would fail in its attempt to secure sufficient evidence to bind him over to Federal court.

The witness, Wm. R. Hall, who failed to make his appearance at the preliminary hearing last week after being duly summoned, has not yet been located in spite of the diligent efforts of the government officials here and elsewhere. It is generally believed, however, that he will be apprehended sooner or later and will be made to answer in court.

Hon. John D. Bellamy and Wm. J. Bellamy, Esq., represented Mr. Moore at the preliminary hearing before Commissioner Harriss.

PERSONAL PARAGRAPHS.

—Mr. V. M. Dorsett is here from Siler City.

—Miss Bessie Richardson, of Whiteville, is visiting Mrs. Jas. D. Smith, 404 North Third street.

—Mr. D. L. Herring, of Garland, arrived in the city yesterday on business.

—Mr. W. S. McGregor, of Goldsboro, spent last night in the city, stopping at The Orton.

—Miss Nora V. Pickett has returned home after a pleasant visit of several weeks to relatives in New York.

—Mrs. Alice Farrow, of Clayton, N. C., is spending a few days in the city on a visit to friends and relatives.

—Mrs. C. E. Clark and Mrs. E. F. Carpenter, of Bolton, were visitors to the city yesterday, being guests at The Orton.

—Mr. David Murchison left yesterday for Chapel Hill, where he will resume his studies at the University at the beginning of the scholastic year.

—Mr. "Billy" Baxter, of the Gerken Tobacco Co., who has been spending a vacation at Christiansburg, Va., returned yesterday after a very pleasant trip.

—Mr. B. H. Marshall has gone to Currie to join members of his family who have been visiting there for some time. They will not return to the city for several days yet.

—Dr. Geo. F. Lucas, of Currie, came down to the city last evening accompanied by his son, Mr. Davis N. Lucas, who will leave today for Davidson College, which begins the Fall term September 2nd.

—Supt. of Public Instruction Geo. H. Bellamy, of Brunswick, spent yesterday in the city and left last night for Hendersonville, N. C., where this week he will attend the meeting of the superintendents of the State.

—Mr. and Mrs. I. Shier and daughter, Miss Devora Shrier, who have been spending the past two months in New York, Atlantic City, Coney Island and other places of interest in the North, have returned to the city to the delight of their many friends.

—Atlanta Georgian: "Mrs. Lucille A. Williams, with her little daughter, Virginia Stone, was a guest at the Majestic on Monday, en route to her home in Birmingham, from Wrightsville Beach, N. C., where she was a popular guest at the Seashore Hotel.

—The many friends of Mr. Walker W. Vick, of New York, are delighted to see him in the city for a visit of a few days. He is a guest of Mr. Thomas H. Wright, on Wrightsville Beach, and is being most cordially greeted by many friends here.

—Mrs. J. B. Mercer and two sons, will leave tomorrow, one of the latter, Mr. Henry Mercer, returning to Raleigh to resume his studies at the A. & M. college, and Mrs. Mercer and Master Armstead going to the western part of the State to spend a few weeks.

—Mrs. H. G. Powell, Mrs. B. O. Powell and Misses Emma Lou, Marion and Helen Powell, who have been guests at the home of their father and grandfather, Rev. J. A. Smith, for several weeks during the Summer, returned yesterday to their homes at Orange City, Fla., to the regret of many friends in Wilmington.

—Among the guests at the Colonial Inn yesterday were: Messrs. J. A. Robertson, Hamlet; Shepard Russell, Maxton; A. F. Toon, Whiteville; G. W. Morris, Society Hill, S. C.; Mr. and Mrs. S. T. Smith, and Miss Jennie Stephenson, Clio, S C.; Mrs. V. Russell and Mrs. M. Whitfield, Maxton; Mr. and Mrs. J. T. McKenzie, Whiteville, N. C.

—Dr. A. C. Wessell, a son of the late Mr. Albert C. Wessell, of this city, is here on a visit to his uncle, Mr. A. D. Wessell, 110 South Fifth street. Dr. Wessell left Wilmington about ten years ago for New York, where he studied pharmacy and later held positions with prominent druggists there. He later moved to Atlanta, Ga., where he is at present a member of the firm of Jackson & Wessell, one of Atlanta's leading drug firms.

STILL DISCUSSING PENNANT

Wilmington Fans Contend That There is a Triple Tie—Meeting of Directors Probably to Decide Question—The Situation.

Wilmington fans are still discussing the whys and wherefores of the Eastern Carolina baseball pennant and according to the way they have it doped out, it will take a meeting of the directors of the Association to decide the contest as between Wilson, Wilmington and Fayetteville.

According to the official standing as given out by Secretary R. T. Gowan of the League and printed in Sunday's paper there have been 269 games won by the several clubs and only 268 lost. The local fans are unable to reconcile this difference and want to know "how come" one of the teams is credited with a game that was not lost by any other team. They are also curious to know "how come" that last doubleheader with Rocky Mount was not played when both Wilson and Rocky Mount are "shy" one game; in other words, Wilmington, Fayetteville and Raleigh were required to play the full schedule of 90 games while Goldsboro, Rocky Mount and Wilson have played only 89. The contention of Wilmington is that in the face of the resolution offered by Manager Gwaltney and passed at the Goldsboro meeting, the officials of the League had no authority to throw out the games in which Luyster played and that they also had no authority to release Wilson from playing the last game of the doubleheader due at Rocky Mount on Saturday. Having failed to play this game Manager Gwaltney contends that it stands forfeited to Rocky Mount in spite of the telegram from Secretary Gowan that the doubleheader need not be played. The reason assigned for not requiring Wilson to play this postponed game was that it was a tie game with Rocky Mount in which Luyster pitched under the name of Lloyd on July 25th, and this game had been declared forfeited to Wilson. It is contended here that without action by the directors, Secretary Gowan had no right in face of the Gwaltney resolution which was passed at the Goldsboro meeting to call this game off. Rocky Mount sets up the claim that the team was ready to play this doubleheader and have wired Secretary Gowan that it will lay claim to Wilson's forfeit money for declining to complete the series of games. The standing of the teams, according to the action of the directors declining to throw out the Luyster games and counting the game that should have been played in Rocky Mount Saturday as a forfeit to the Railroaders is as follows:

	Won.	Lost.	P. C.
Wilmington	49	41	.544
Fayetteville	49	41	.544
Wilson	49	41	.544
Raleigh	46	44	.511
Goldsboro	43	46	.483
Rocky Mount	33	56	.371

It will be observed that this tabulation contains exactly the same number of games won and lost and puts every team playing the full schedule except Goldsboro and Rocky Mount, which had one postponed game which it was impossible to play off before the end of the season. This is understood to be the contention of Wilmington, Fayetteville, and Rocky Mount as it will be presented at a meeting of the League to be called at an early date to finally settle the pennant question.

TARRYMOORE HOTEL

Popular Hostelry Will Close Today Week For The Season.

Mr. W. J. Moore, the popular proprietor, announced yesterday that the Tarrymoore Hotel, Wrightsville Beach, will close next Tuesday, September 7th, for the season. There were more than a hundred guests at the hotel Saturday and Sunday, but yesterday morning the number was reduced to about 15.

Another large registration is expected Saturday and Sunday of this week and many will remain over until Tuesday, Monday being Labor Day. Mr. Moore said that this had been one of the most successful seasons in the history of his hotel. There were many times during the season when the accommodations were overtaxed. The Tarrymoore had the pleasure this year of entertaining more Georgians than usual. There were so many Georgians there that the hotel was temporarily designated as the "Georgia Hotel." In every way this has been a good season at the beach and the Tarrymoore had its share of the guests.

BROTHERHOOD EXCURSION.

Coast Line Clerks Will Have Day at Carolina Beach—Dinner Postponed.

The Brotherhood of Railway Clerks will run an excursion to Carolina Beach Thursday night and this will be one of the last and most delightful of the season. The steamer Wilmington will leave at 8 o'clock and on the return trip will leave the beach at 10:30. The public is invited to go. It is expected that it will be largely attended and there will be a number of entertaining features at the Beach.

On account of the Brotherhood excursion which was arranged some time ago, the annual Y. M. C. A. dinner, which has been announced for September 2nd, at the Tarrymoore Hotel, at Wrightsville, has been postponed until some time next week. Thirty-five per cent. of the Brotherhood clerks are members of the Y. M. C. A.

Magnificent Showings —OF— Fall Silks

Enchantingly Pretty Weaves, Radiant With Autumnal Colorings

Beautiful as the mountain side when the Autumn sun shines on the trees and grasses of dull brown, green and gold, are the new silks for the coming season.

Rich messalines, taffetas and rough effects and every weave which Fashion has declared worth while is here at a tempting price. Silks which are correct in every detail.

There is a lot of humbuggery about silks. Many a beautiful sheen conceals a coating of lead, to give weight, which causes the fabric to cut with very little wear.

When you buy our silks you buy absolutely the best quality to be had. That is why among women of this vicinity our silks have such a recognized standard.

Choose the silks for the new dress from among these enticing values.

Extra Interest will Center in these $1.25 Messaline Silks, this week at $1.00.

Full yard wide in all the new shades. Exceptionally good value to start the season.

Trimmings to match are also here.

These consist of braids and Persian net bands. You'll like the quality.

Fruit Jars all sizes.

ACKNOWLEDGES INVITATION

Mayor and Aldermen Will Probably Attend Utica Reunion.

In accordance with a resolution passed by the Board of Aldermen in special session Thursday night, Mr. J. J. Fowler, city clerk and treasurer, yesterday sent the following letter to Mayor Thomas Wheeler, of Utica, N. Y.:

"Wilmington, N. C., Aug. 30, 1909.

"To the Honorable, The Mayor of the City of Utica, N. Y.,

"Honored Sir:—

"Your communication of the 24th inst., extending to the Mayor and Board of Aldermen of this city an invitation to attend the reunion of the survivors of the battle of Fort Fisher, to be held in your city on the 7th, 8th and 9th of September proxo., was received and read to the Board of Aldermen of this city at a meeting held on the 26th inst. This Board of Aldermen was not unmindful of the great courtesy extended, and immediately authorized the Mayor and members of the Board to attend the said reunion. The board manifested deep, strong and cordial appreciation for the invitation, and the Mayor and at least one member of the board will, if possible, be present on said occasion.

"Very respectfully,

"JOHN J. FOWLER,

"Clerk and Treasurer."

The indications are that a large number of Wilmington people will attend the reunion, leaving this city next Sunday evening. Some of the survivors of the battle did not feel financially able to take the trip and yesterday Dr. C. D. Bell made a canvass of the city for funds and met with a ready response from all the citizens approached.

Interesting Trip to Caswell.

Mr. Clarence Mattingly, of the Morning Star, spent Sunday and Sunday night at Fort Caswell as the guest of his friend, Mr. Leo. Mitchell, of the 31st Company, Coast Artillery Corps, stationed at that post, and in charge of one of the batteries of artillery at that big fortification. Mr. Mattingly talks interestingly of his trip, which was much enjoyed and very instructive. Mr. Mitchell is a boyhood friend of Mr. Mattingly and they only recently met again by accident in Wilmington after many years, each recognizing the other and renewing a very pleasant association begun years ago at their homes in Owensboro, Ky. Mr. Mattingly was agreeably surprised to find upon the occasion of his visit to the post quite a number of Kentuckians in the Coast Artillery service there.

Boats on New Schedule.

The schedule of the steamer Wilmington and Southport will change from the regular Summer trips as usual beginning tomorrow, September 1st. The Wilmington will leave here at 9 A. M. for Southport and leave again in the afternoon at 2:30 for Carolina Beach. The Southport has arranged schedule to leave Wilmington at 10:15 A. M. and Southport on the return trip at 2:30 P. M. Freight will be carried only on the 9 o'clock boat.

At the Bijou Today.

"Then Mended Lute," a stirring romance of the Dakotas, is the title of the attractive feature picture of the bill at the Bijou today. The subject as a whole is a combination of poetical romance and dramatic intensity. In the making of the film much thought and time were given to the many details, and the makers claim that as to costumes, manners and modes of living, it is more than reasonably accurate. The picture will doubtless be seen by large audiences.

aug 31 tf

SCHOOL OF FISH

More in Sounds Sunday Than at Any Time in 10 Years—Mullets.

A big school of fish, mostly mullets, was in the sounds Sunday and Mr. George Smith, a well known fisherman at Greenville Sound, believes that there were more fish in that vicinity during the day than there has been in 10 years past. The fishermen would have made fine catches had this been one of the regular seining days, but on account of the easterly winds the fish were running and the large school went in a southerly direction.

As an indication of the large number of fish during the past two days some of the best catches of the season have been made with hook and line off Banks Channel.

Change at Chamber of Commerce.

Mr. W. H. Burkheimer, who has for some time past held the position of assistant secretary of the Chamber of Commerce has resigned and on the first of the month will go to Greensboro, where he will have a position with the Tuxedo Tobacco Co. The latter company is principally owned by Mr. H. Burkheimer, formerly of this city. He is a clever and popular young man and has many friends who wish him well in his new home. His successor will be Mr. Owen Filyaw, who will begin the duties of his new position on the first of the month.

"Composite" Dance

at Lumina next Friday night. Decorations and souvenirs from all the dances of the season will be used. Big event. au 29-2t.

Drought is Being Broken.

Parties arriving on the early morning Seaboard train told of heavy rainfalls Sunday night between Hamlet and Maxton, N. C. At some points along the line the rain amounted almost to a cloudburst. According to the Weather Bureau, the drought in this section will be broken today. Reports from up the Wilmington & Weldon Railroad in the vicinity of Lucama, Wilson county, say that a refreshing rain fell in that section Sunday evening. During the progress of the storm lightning struck the home of Mr. Marcellus Williams and burned it to the ground with its contents. Mr. Williams, with his family, was at the home of his father-in-law, a short distance away, and while the storm was at its height, discovered that his home was ablaze.

'Twas A Glorious Victory.

There's rejoicing in Fedora, Tenn. A man's life has been saved, and now Dr. King's New Discovery is the talk of the town for curing C. V. Pepper of deadly lung hemorrhages. "I could not work nor get about," he writes, "and the doctors did me no good, but, after using Dr. King's New Discovery three weeks, I feel like a new man, and can do good work again." For weak, sore or diseased lungs, Coughs and Colds, Hemorrhages, Hay Fever, LaGrippe, Asthma or any Bronchial affection it stands unrivaled. Price 50c. and $1.00. Trial Bottle free. Sold and guaranteed by R. R. Bellamy.

Your money will draw 4 per cent. from September 1st, if you deposit with the People's Savings Bank.
aug29-3t

MAYOR STOPS NIGHT DIGGING

Negro in Search of Hidden Treasure Disturbs Residents in Vicinity of Eighth and Nun—Stock Company Formed.

Complaint having been made by residents in the vicinity of Eighth and Nun streets, Mayor Walter G. MacRae Saturday afternoon ordered the negro Scott, on Nun street, near Eighth, to cease digging at night for the hidden treasure which he thinks is buried on his place. The Mayor visited the scene of operations in company with Alderman Ellis.

When the Mayor and the Alderman arrived at the negro's house they were at first treated as other visitors are treated—asked not to go near he pit where it is supposed the great wealth is buried. After learning who his visitors were and their mission, the old darkey changed his demeanor considerably and strongly appealed to the Mayor to let him continue his operations because he had the great quantity of gold almost in his very grasp. He assured the Mayor that large blocks of cement had been taken out of the excavation which was an indication that with a little more digging the money would be forthcoming. He told the Mayor that he had some of the blocks in his house and invited the city's executive to go in and look at them, but he declined to waste the time. Before leaving the Mayor left orders that no more digging should be done at night.

The Mayor stated yesterday that two gasolene engines are used in the excavation work. The pit is some 25 feet in diameter and is probably that deep. After digging for six or seven feet a broken beer bottle was found and this gave the old darkey much encouragement. The digging is now being done by both white and colored men.

A story reaches the Mayor's office to this effect: A number of prominent white men, including three or four physicians and an equal number of lawyers, heard the old darkey's story relative to the hidden treasure and immediately became interested to the extent of forming a stock company, composed of 17 persons, each taking $17 worth of stock, this being done to further prosecute the work undertaken by the negro. It is stated that the digging now going on is done with the money furnished by the stock company. It is understood that an effort is being made to verify the story.

The wife of the old darky works out in the day and returns home at night to hold "communion with 12 dead men," who tell her where the digging on the coming day should be done. She communicates this knowledge to her husband who directs the digging. This has been going on for three months or longer.

Mayor MacRae stated that there is no doubt of the fact that the old negro honestly believes that there is money hidden on his place and that he will be able to locate it.

JUSTICE BORNEMANN'S COURT.

Many Criminal and Civil Actions Were Tried Yesterday.

Justice Bornemann had a large number of cases, both criminal and civil, yesterday, some of which were tried, others were continued and still others were compromised without having to go to trial.

A civil action entitled L. D. Bradshaw against the Wilmington Sash, Door and Lumber Co., was called yesterday but continued until 10 o'clock today. The plaintiff is suing for $105.10 alleged to be due for wages. Mr. H. A. DeCover, president of the company, claims that his firm does not owe him anything, it is stated. Hon. John D. Bellamy represents the plaintiff and Woodus Kellum, Esq., the defendant company.

Joe Yates, a white man, was arrested early Sunday morning by Deputy Sheriff W. H. Howe on warrants sworn out by his wife. One was a peace warrant and the other charged assault. He spent Sunday and Sunday night in jail and when the case was called yesterday the wife was willing for the warrants to be withdrawn, the costs being paid by her husband.

WALTER'S BIG PLAY, "THE WOLF"

Will Be Brilliant Opening Attraction at Academy Saturday.

Eugene Walter's most successful play, "The Wolf," which will be presented Saturday night to formally open the new Academy of Music is said to be an absorbing, virile play of gripping interest.

The story is one of the Canadian backwoods and is a vivid portrayal of life in that hard land of snow and hardship and howling wolves. It revives the old plot of the man scheming for an innocent girl's downfall, but it has nothing that is sordid about it. Virtue triumphs and true manhood and womanhood have the audience's sympathy. There might be made the assertion that the story is melodramatic, but for that matter, so is every tragedy that "Sharkespeare" wrote. There is a thrilling climax at the end of the piece, and there are tense situations throughout, but they make the play the more stirring and the more realistic.

DIED.

At 11 Valeview Terrace, Langside, Glasgow, Scotland, on the 8th of August 1909, of pleurisy and pneumonia, DAVID GRIFFITHS, aged 59 years. Late representative at Wilmington of the Acme Tea Chest Company. Very deeply mourned.

SECOND RACE FOR TROPHY

Ex-Commodore Metts the Winner of Race Which Was Sailed in an Uncertain Wind—Next Race Decides Contest.

In a fickle wind from the east, which was at times severely puffy, the Class "A" boats of the Carolina Yacht Club yesterday afternoon sailed the second race of the series for the Jones-Walters cup.

The race was won by ex-Commodore Metts in No. 68, with Davis second in No. 65 and Skelding third in No. 74. The points now stand as follows: Davis, 18; Skelding, 18; Metts, 17. These three are well ahead of the rest of the class and it is probable that one of them will secure the trophy, barring accidents, when the final race is sailed on September 8th.

The starting gun was fired at 5:18 o'clock. Davis was first over, five seconds behind the gun, lapped by Hammer. Twelve seconds later Bridgers, Cowan and Worth went across in a bunch with the others trailing.

The run down with the wind and tide to the inlet buoy was so short that positions changed but little Rounding the buoy the boats swung to the starboard tack and followed the eastern shore. Positions began to change as they passed the Yacht Club. Davis was leading by a good margin. Then came Metts. Hammer, Skelding, Bridgers and Worth bunched. Davis was sailing a beautiful race and keeping well to windward. Metts was following the leeward shore in the back water and gained rapidly, turning the Seashore buoy close behind Davs.

The run out to the Mott's channel buoy was uneventful. Returning only one tack was necessary, though the going was very slow. Davis was first around the Seashore buoy, followed closely by Metts. Then came Skelding, Bridgers and Hammer in the order named.

The wind was very puffy and uncertain but the flooding tide helped mightily and the boats turned the Inlet buoy in the same order but it was evident that the boats were stringing out. The wind was working toward the north and the boats were hard put to keep from tacking. As they passed the club house Davis was still ahead, followed a minute later by Metts. Then came Bridgers and Skelding, both of whom were gaining on the leaders

On the last run to leeward the leaders closed up, Metts turning the Inlet buoy just behind Davis. The wind was increasing and puffy. The puffs came from the east and in the lulls the wind was almost northeast. Davis pulled out again but when nearly opposite Lumina struck a soft spot and went rapidly to leeward and was forced to tack. Metts had a more favoraing breeze and by fine handling had kept well to the windward and was then in first place, both leaders being pushed by Bridgers and Skelding. Metts and Davis, however, soon pulled away. Bridgers turned over at the edge of the marsh. Metts increased his lead and crossed the line, a winner over Davis by 51 seconds, with Skelding third and Wiggins in No. 66 fourth.

Although an easterly breeze is usually very unsatisfactory due to the absence of windward work, the race was extremely exciting to both sailors and spectators. A large number of the latter greeted the victor with cheers as the finishing gun announced that the race was won.

Few races have ever been so closely contested as the races for this handsome cup and excitement runs high indeed. The winner of the next and final race will likely secure the trophy, judging from the present outlook. The club members are all hoping for a stiff southerly breeze for September 8th. The following are the records made:

Yt.	Captain	Start	Fnish	Time
68—	J. Metts .	5:18:22	6:57:30	1:39:08
65—	Davis ...	18:05	6:58:04	1:39:59
74—	Skelding	18:30	7:00:20	1:41:50
66—	Wiggins .	19:20	01:16	1:41:56
69—	Hammer .	18:07	01:50	1:43:43
71—	MacRae ..	19:35	03:40	1:44:05
73—	Corbett ..	18:40	04:10	1:45:30
63—	E. Metts.	18:20	03:55	1:45:35
67—	Bridgers .	19:18	capsized.	
64—	Worth ...	18:22	broke mast.	

PLANS FOR WATERWORKS

Fine Progress Being Made by Hazelhurst & Anderson.

The engineering firm of Hazelhurst & Anderson are making splendid progress on the plans and specifications for enlarging and rehabilitating the waterworks plant and it is stated they will likely have their work completed by October 1, when the Water and Sewerage Commission will advertise for bids for doing the construction work.

The engineers are giving careful consideration to every detail and those competent to judge say that according to the present outline of the plans Wilmington will have, when completed, one of the most modern and up-to-date waterworks plant to be found anywhere. The work of doing the plans and specifications is a big undertaking and necessarily has to progress slowly to assure accuracy in every respect. It is thought that within a few weeks now the construction work on the practically new plant will have been commenced.

The Crime Of Idleness.

Idleness means trouble for any one. Its the same with a lazy liver. It causes constipation, headache, jaundice, sallow complexion, pimples and blotches, loss of appetite, nausea, but Dr. King's New Life Pills soon banish liver troubles and build up your health. 25c at R. R. Bellamy.

TWO HOUSES BURGLARIZED

Negro Boys Made Big Haul Sunday Night—Three Arrests.

The house of Eva Davis, 12th street, between Princess and Chesnut, and the house of Rena Hall, 1116 Chesnut street, were burglarized Sunday night, supposedly by negro boys employed at the houses. At the Davis woman's house $18 in bills, $6 in nickels, a gold watch and chain, a bunch of keys and some soap were stolen and at the Hall woman's house between $25 and $30 in money was secured. Patrolman Lane is at work on the cases and up to midnight last night three arrests had been made. Lawrence Gwinson, Louis Williams and Tom Brown, all colored youths, employed at the different houses, have been taken in tow and are held for further investigation. Williams was arrested near midnight as the result of information given by the other boys.

LARGE EXCURSION HERE

790 People From Columbia and Intermediate Points in City.

An excursion from Columbia, and intermediate points arrived yesterday afternoon, bringing 14 well-filled coaches of 790 people.

The train left Columbia yesterday morning at 7:30 o'clock and took on large crowds at places en route, arriving here yesterday afternon at 5:30 o'clock. Both white and colored people came. A large number of the excursionists went to the Beach shortly after their arrival, where they will spend the outing, others remained in the city, and it is expected that many will go to Carolina Beach to spend today. The excursion will leave on the return trip tonight.

Said to Have Raised "Rough House."

A few minutes after 11 o'clock last night Assistant Chief of Police Burnett received a telephone message that murder was about to be committed on a woman at corner of 16th and Market streets and to hurry officers to the scene of the trouble. Sergeant Grimsley and Patrolman Gray with the patrol wagon went in a jiffy. The trouble was at the home of Snowman Piver and it seems that Snowman and his brother, Lee Piver, both under the influence of some intoxicant, were acting in a very disorderly manner, the noise being heard for some distance. They were arrested and brought to the city prison, where they were given berths for the night.

Recorder's Court Yesterday.

The Recorder's court yesterday was of very short duration and no cases of any importance were tried, the defendants, six in number, with one exception, being charged with drunkenness or disorderly conduct. Robert Chadwick was arraigned on the charge of running a hack without license. The defendant had the license, which fact was unknown to the officer making the arrest, and the case was dismissed. There has been scarcely anything doing in police circles for the past week and the docket yesterday was an unusually light one for Monday.

Suit Against Virginia Firm.

A civil action was started in the Superior Court yesterday entitled M. May, trading as M. May & Co., against the Virginia Iron & Metal Co., of Richmond, Va. The complaint has not yet been filed but it is understood that the plaintiff will ask damages in the sum of $1,000 for alleged breach of contract and for $513 alleged to be due for iron shipped by the plaintiff to the defendant. Hon. John D. Bellamy appears as counsel of record for the plaintiff.

Black Stockings Won.

The Railroad Bills, of Columbia, S. C., and the Wilmington Black Stockings, colored baseball teams, contested for supremacy at League Park yesterday afternoon after the arrival of the excursion train from the Palmetto capital. The game was called at the end of the fifth inning on account of darkness, the score being 4 to 2 in favor of the Black Stockings. A double-header will be played this afternoon, first game being called at 3 o'clock.

Good Cotton Shipment.

Yesterday's receipts of cotton at the local port were 250 bales, of which 211 bales came by rail over the W., C. & A. from South Carolina. All the cotton, with exception of one bale, was consigned to Alexander Sprunt & Son. The shipments received during the past few days have been new cotton.

Souvenir Mid-Week Dance.

Tomorrow evening a souvenir mid-week dance will be given at Lumina. Very attractive souvenirs will be distributed, and there will no doubt, be a big crowd as the season is drawing to a close, and the people of Wilmington will not have many more opportunities to hear the fine music that the fine orchestra furnishes.

Baraca Union Meets Tonight.

An interesting meeting of the Baraca Union of the city will be held this evening at Southside Baptist church, at which time representatives from the various leagues of the city will be present and a number of important matters discussed.

Washington's Plague Spots

lie in the low, marshy bottoms of the Potomac, the breeding ground of malaria germs. These germs cause chills, fever and ague, billiousness, jaundice, lassitude, weakness and general debility and bring suffering or death to thousands yearly. But Electric Bitters never fail to destroy them and cure malaria troubles. "They are the best all-round tonic and cure for malaria I ever used," writes R. M. James, of Louellen, S. C. They cure Stomach, Liver, Kidney and Blood Troubles and will prevent Typhoid. Try them, 50c. Guaranteed by R. R. Bellamy.

Wilmington vs. Greensboro, State championship, Thursday, Friday and Saturday, this week. Admission 25 cents. aug 29-3t

Consider

yourself and family, take a trip to the pier. Boat leaves 5:15 P. M., 15 cents round trip. jul 1 tf

The C. W. Polvogt Co.

SPIRITS TURPENTINE

Southern Furniture Journal, Aug. 28—High Point now has orders for 400 cars of furniture to be shipped out at once. The revival of business is general all over the South and within a few weeks every wheel will be turning and every man have his old job. Thirty-one cars were shipped from here yesterday.

—Spring Hope, Aug. 28.—A plan is on foot to have a big home-coming week in Nash and Edgecombe counties during October of this year. As is known the 12th of October has been set aside by Legislative enactment as "North Carolina Day," in the public schools, and it has been thought that it would be a splendid plan to have a big gathering at Rocky Mount that day and celebrate the day in gala style. The details of the plan have not altogether been worked out.

—Winston-Salem, Aug. 29.—Counterfeiting, although on a small scale, perhaps, is charged against E. R. Butner, of Tobaccoville, this county; also W. G. Lane, his brother-in-law, is in the toils, suspected of being an accomplice. Butner is charged with trying to pass a crudely "raised" $1 bill to $10. When Butner was searched another bill was found upon him which had been "lifted" from $10 to $20. Clippings from Confederate bills had been used to turn the trick. Butner claims to be a cattle dealer while Lane says he is a laborer.

—Asheville Citizen: Jefferson Davis, of French Broad township, near Alexander, disappeared from his home early last Sunday morning and has not been heard from since. His family fear that he has either met with some accident or committed suicide. Davis had a quarrel with his wife Saturday about the way she cooked beans, and during the night he put kerosene in the beans which his wife had prepared and left the house. His sons have made search everywhere and have sent out inquiries over the surrounding country, but nothing has been heard of him since he left his home early Sunday morning.

—Durham, Aug. 28.—The advocates of road building are calling upon the county to get to work upon the Bumpass cross roads to finish all macadam that leads to General Carr's home, Durham. The Commissioner of Agriculture has gladdened them by telling Durham that from August, 1907, to 1908, the crop of tobacco totaled 5,223,392 pounds. For the same length of time, ending August 1, 1909, the amount was 7,828,967, or an increase of 2,504,945 in pounds and more than $300,000 in money. This was attributed to the Roxboro road which brought Person tobacco to Durham.

—Newbern Journal: Thus far nature has turned a bright and shining face to the people of this section, and each week finds the promise of good crops, better kept in the way of prospects of increased yields. Never was a section much more in need of good chops than this. Three years of unfavorable weather, has made the people buyers of those home supplies which can and would be produced here, except through crop disasters. But in addition to good crop prospects on land, the sea, which has also been a producer of supplies, and of more than enough for local use, has given forth and the draught of fishes has been the greatest on record.

—Wadesboro, Aug. 28.—Information reached here today concerning the shooting of James Hendricks by A. A. Tarlton, just across the line in South Carolina last Wednesday afternoon. Tarlton and Hendricks married sisters and have had some trouble before about a law suit against Allan Watson, their father-in-law, over a tract of land. From the story as told here it appears that Tarlton went to the place where Hendricks was working to see another man and did not know that Hendricks was around there until he advanced on him with an axe. Witnesses say that Hendricks came toward Tarlton remarking, "You have come here to walk over me." This Tarlton denied, but Hendricks repeated the words and continued to advance on him when Tarlton fired three times, each shot taking effect. Hendricks is shot in the arm, the abdomen and through the lungs and while he is resting easier, his condition is critical. Tarlton is a son of J. B. Tarlton, of this county, is married and bears a good reputation. He surrendered and was admitted to bail.

—Winston-Salem, Aug. 29.—That Winston-Salem is second only to Richmond in freight tonnage, among all the cities on the Southern Railway, is a fact shown by the report of the general traffic manager of the road. The figures, expressed in pounds, for tonnage for the year ending June 30, 1909, are interesting: Richmond, 28,562,053; Winston-Salem 20,005,192; Atlanta, 11,762,346; Charlotte, 10,857,388. Durham is the only other North Carolina town which figures in the report. Spartanburg is seventh in order, Greenville eighth, Durham tenth, (over 3,000,000 lbs.). Winston-Salem and Durham are the only North Carolina towns showing an increase for the last year, the Twin City's being about 10,000,000 pounds in advance of the previous year's figures. Charlotte's total freight tonnage is materially increased, of course, by the traffic over the Norfolk & Western, Coast Line and Seaboard, but this would not apply to Greensboro or South Carolina towns to any extent. These figures are official and printed with permission of Southern Railway officials.

Seared With A Hot Iron,

or scalded by overturned kettle—cut with a knife—bruised by slammed door—injured by gun or in any other way—the thing needed at once is Bucklen's Arnica Salve to subdue inflammation and kill the pain. It's earth's supreme healer, infallible for Boils, Ulcers, Fever Sores, Eczema and Piles. 25c at R. R. Bellamy.

TURKEYS—Out of season.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, Aug. 30.—The cotton market was more active today and showed a generally firmer tone on a continuation of bullish private crop reports and an improved outside demand. The close was a little off from the best but steady at net advance of 3 to 10 points. The market opened steady at unchanged prices to a decline of 4 points, being influenced at first by disappointing cables received from large tenders today and expected tomorrow in the Liverpool market. The initial prices proved to be the lowest of the day, however, as the market quickly firmed up on covering, local bull support and a broadening demand through commission houses. Bullish preliminary condition reports on Arkansas and Tennessee by a local authority and a flood of private wires from various sections of the eastern belt claiming rapid deterioration in crop prospects during the past few days, were among the buying motives while it looked also as though many people who had been holding off for the past two or three weeks in fear of the approaching new crop movement, had concluded to enter the market around the present level owing to the failure of Southern holders to show any sign of weakness even while the market was without aggressive bull support. Prices continued to move upward until the general list showed a net advance of 10 to 16 points with December contracts selling at 12.58. At this level sufficient realizing developed to check the advance and selling by local bears sent prices off a few points during the later trading.

Receipts at the ports today 7,127 bales against 4,299 last week and 15,057 last year; for the week 60,000 bales against 34,709 last week and 79,322 last year. Today's receipts at New Orleans 42 bales against 2,097 last year, and at Houston 10,337 bales against 6,034 last year.

Spot cotton closed steady; middling uplands 12.90; middling gulf 13.15; sales 400 bales. Futures opened and closed steady.

THE DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, Aug. 30.—The dry goods market was rather quiet at the opening and in cotton goods and yarns resistance to higher prices was noteworthy. Dress goods for Spring are very quiet but the demand for broad cloths for Fall is active. Specialties in raw silk are selling but general lines are quiet. The jobbing houses are doing a moderate and seasonable trade.

MARKET GOSSIP.

(By Wire to the Morning Star.)

New York, Aug. 30.—Clearing up of the atmosphere of gloomy apprehension regarding the condition of health of E. H. Harriman, was manifest in financial circles, caused an uprise in the stock market today. The frankness of friends and members of the family in contrast with the mystery which had been wrapped about the subject in the return of Harriman from Europe took the ground from under the feet of the alarmists.

Consequent over-extending short interest was rather serious as the first prices quoted this morning showed an instantaneous cancellation of a great part of the heavy losses suffered in the sharp decline of Saturday. The shorts themselves contributed to this showing by their scramble to secure stocks. The Harriman stocks were naturally most affected, but the buoyant tone was common to the whole list. Opening gains of 11 to 3 points over the closing prices of Saturday were general. It was asserted that many of the orders executed at the opening were for small accounts of would-be investors who had been watching for a sharp decline to come into the market. The sales of the first 12,000 shares of Union Pacific were at 200 to 200 7-8. Union Pacific was a dominating influence throughout. Union Pacific touched 202 3-4 and closed only 1 1-8 below that. The sustained strength of United States completed the reassurance of speculative sentiment. There was no new feature to the news to explain recovery of prices. Rains in the corn belt over Sunday corrected one of the few unfavorable factors pointed to last week. The seasonable tightening of the money market which continues and the unstable level to which prices had advanced are given their due influence in the reaction. With the covering of large lines of shorts, the keenness of the latter demand abated considerably, but the appearance of Mr. Harriman's dictated statement was coincident with a final rally to a strong closing.

Convertible and speculative bonds were strong but the general tone was irregular. Total sales, par value, $2,300,000. United States bonds were unchanged on call. Total sales stocks today 781,500 shares.

FINANCIAL MARKET.

(By Wire to The Morning Star.)

New York, Aug. 30.—Money on call firm 2 1-4 to 2 12, ruling rate and closing bid 2 1-4, offered at 2 1-2. Time loans strong; sixty days 2 3-4 to 3 per cent., and ninety days 3 1-4 to 3 1-2 per cent. six months 4 per cent.

Prime mercantile paper 4 1-4 to 4 3-4 per cent. Sterling exchange weaker with actual business in bankers bills at 4.8520 to 4.8525 for sixty day bills and at 4.8670 for demand. Commercial bills 4.84 5-8 to 4.84 7-8. Bar silver 51 3-4. Mexican dollars 44.

Eggs—Irregular; state, Pennsylvania and nearby fancy hennery white 30 to 34; do fair to choice gathered white 26 to 30; do hennery brown fancy 28 to 31; do fair to choice gathered brown 25 to 28.

CHICAGO PRODUCE MARKET.

(By Wire to the Morning Star.)

Chicago, Aug. 30.—Weak cables and a constantly increasing movement of new wheat in this country, particularly in the Northwest caused fresh declines in the wheat market here today. Final quotations showed net losses of 3-8 to 1 1-8c. Corn was weak, oats steady and provisions fairly steady.

Leading futures were as follows:

	Open	High	Close
Wheat.			
Sept	97 3-4	98	97 1-2

CUTTER HERE THIS WEEK

Seminole Leaves New York For Her Home Port—Cruises.

The revenue cutter Seminole, after an absence of several months from her station is expected to arrive at her home port this week, to begin her series of Fall and Winter cruises. The Seminole accompanied by the revenue cutter Mohawk, which also went North for Summer repairs, left Sandy Hook several days ago.

The cruising season begins the first of September. The entire corps of officers, including Captain D. P. Foley, commanding officer, and Lieutenant J. J. Hutson, have returned on board from their leave of absence. She is expected either Wednesday or Thursday, and preparations are being made for her arrival at the local port.

LEAVES FOR WASHINGTON.

Mr. William McLeod and Family to Reside There in Future.

Much to the regret of numerous friends in Wilmington Mr. and Mrs. William McLeod, Miss Lucile McLeod, their attractive daughter, and two children, left last night for Washington, D. C., where they will make their future home. As previously stated, Mr. McLeod goes to Washington to take the place of examiner in the office of the Inter-State Commerce Commission. He took the civil service examination last October and his securing a good position with the government is a good indication of his efficiency and qualification. For nearly 14 years Mr. McLeod has been a bookkeeper in the accounting department of the Atlantic Coast Line in this city.

TIDEWATER SCHEDULES.

Change on South Wilmington Line. Freight Car Hours.

Beginning tomorrow, Sept. 1st, there will be a change in the freight schedule on the suburban line. The freight now leaving at 7 P. M., will be discontinued. The freight depot at Ninth and Orange streets will not be open all day, but will be open from 5:30 to 6:00 A. M., from 9 to 10 A. M. and from 2 to 4 P. M.

Beginning yesterday the South Wilmington schedule has been reduced to a car every 20 minutes between Third and Kidder streets and Front and Princess streets, except Saturday nights and Sunday afternoons, when the regular 10-minute service will be resumed between Rehder's store and South Wilmington.

A LARGE RATTLER

Killed by Mr. Joe Pepper on Masonboro Sound Friday.

A large rattle snake was killed Friday by Mr. Joe Pepper near his home on Masonboro Sound. The reptile had 12 rattlers and one button, indicating that he was 12 1-2 years old. Mr. Pepper was returning to his house from his truck patch a short distance away when he observed the reptile on the side of the path in some bushes. He sent a negro to the house for his gun while he watched the snake, taking good care, however, not to get in striking distance. When the negro returned he shot and killed the snake, which was six feet long.

VETERANS' JEWELS.

Presented to Three Members of Stonewall Lodge, K. of P.

At last night's meeting of Stonewall Lodge No. 1, Knights of Pythias, veterans' jewels were presented to three of the members, Messrs. T. E. Davis, J. E. Wilkinson and W. F. Carpenter. The jewel is a mark of distinction and denotes that the wearer has been a member of the order for 25 years. The speech of presentation was by Col. W. F. Robertson, in his usual happy manner. After the transaction of routine business a social session was held at which refreshments, consisting of ice cream and cake, were served.

STEAMER KILLED STURGEON

Large Fish Struck by Propeller of the Southport Yesterday.

The steamer Southport fouled and killed a large sturgeon down the Cape Fear river yesterday afternoon about 3:30 o'clock. The fish, which it is estimated weighed nearly 200 pounds, was hit by the propeller and his head severed. The boat was stopped and the fish taken aboard and later transferred to the steamer Wilmington and brought to the city. It is rather a rare occurrence and the unloading of the fish at the wharf attracted considerable attention.

WANTED: 50 MEN AND WOMEN.

J. Hicks Bunting Drug Co., the enterprising druggists, are advertising today for fifty men and women to take advantage of the special half price offer they are making on Dr. Howard's celebrated specific for the cure of constipation and dyspepsia, and get a fifty cent package at half-price, 25 cents.

So positive are they of the remarkable power of this specific to cure these diseases, as well as sick headaches and liver troubles, that they agree to refund the money to any customer whom this medicine does not quickly relieve and cure.

With Dr. Howard's specific at hand, you can eat what you want and have no fear of ill consequences. It strengthens the stomach, gives perfect digestion, regulates the bowels, creates an appetite, and makes life worth the living.

This is an unusual opportunity to obtain 60 doses of the best medicine ever made for half its regular price, with the personal guarantee of a well known business firm to refund the money if it does not give satisfaction.

If you cannot call at J. Hicks Bunting Drug Co's. store today, send them 25 cents by mail and they will send you a package promptly, charges paid. ec.

Death at Acorn Branch.

Mrs. Mary J. Jones, widow of Mr. J. K. Jones, died at her home at Acorn Branch yesterday morning at 11:30 o'clock. She was 68 years old and is survived by five children, Misses Nettie, Nannie E. and Katie Jones and Messrs. J. M. and J. H. Jones. The funeral services and interment will be held at the family burying ground at Acorn Branch at 11 o'clock this morning. The deceased had a large number of friends who will regret to learn of her death.

BASE BALL

National League.

New York, Aug. 30.—Chicago and New York split even in today's doubleheader, exchanging shut outs. The visitors took the first game, 2 to 0, after eleven innings of play, while the locals captured the second, 5 to 0.

Chicago ..	..000 000 000 02—2	6	1
New York	..000 000 000 00—0	6	1
